Gangga Divers

The Dive Center is managed by a PADI Course Director; it is a full service diving facility that operates according to best PADI standards. The personalized service and attention to safety reflect the excellence already widely associated with the image of Gangga Divers and the Lotus Hotels & Resorts. With this standard, numbers of divers diving are maximum 4 divers with 1 guide. Our dive guides are qualified dive masters, and pride themselves to offer very personalized diving services to suit and safely assist divers of all ages and levels of experience. We train divers from Junior Level to Instructor

DIVING CENTER & FACILITIES

- Washing sink and drying facilities
- Toilet and Shower
- 20 complete high quality and well maintained Aqualung rental equipment
- 3 well maintained and well aerated-Compressors for safe air
- 12 & 15 Liter Aluminum tanks; Valves and adaptors INT and DIN

BOATS

The five special boats, called Bangkas, built according to the Philippine marine tradition, with extended keel, minimum draught, typical side stabilizers which give the boat a seagull-wing shape, can reach undamaged and without damaging the coral reef, the several different diving places in the area.

HOUSE REEF DIVING

The house reef is rich in fish life, hard and soft corals and free from currents; it allows for unguided diving. Buddy System applies. Last water entry is 5.00 pm and re-entry before 6 pm.

SNORKELING

The house reef is rich in biodiversity and offers excellent and safe snorkeling directly from the pier.

A private boat for snorkeling can be chartered for flexibility to visit different snorkeling sites at the cost of Euro 80.00 per day. Beside the Capitan, a dive master who will assist adults and children in the water can be booked at extra cost.

Gangga Divers Diving Centers are located at *Gangga Island Resort & SPA (Manado, North Sulawesi)*,
Lotus Bungalows (Candidasa, Bali), *Villa Almarik (Gili Trawangan, Lombok)*, *Papua Paradise (Birie Island, Raja Ampat)*
